

Strategic Risk & Insurance Advisory Services

We are a specialized, fee-based risk management advisory firm delivering Fortune-level expertise to organizations on a fractional, outsourced basis. As an independent advisor, we do not sell insurance — our sole focus is your best interest. Whether you need a strategic program review or a fully managed risk management function, Global Risk Consulting, LLC provides the depth, objectivity, and accountability of an experienced corporate risk team —without the full-time overhead.

FRACTIONAL EXPERTISE

Senior-level risk management leadership without the full-time cost or commitment.

CONTINUOUS OVERSIGHT

Proactive management of renewals, claims, compliance, and exposure data year-round.

COST OPTIMIZATION

Risk financing strategies and broker accountability that drive measurable savings.

RISK RESILIENCE

Scenario modeling and coverage validation to protect against catastrophic loss events.

EVALUATION & GAP ANALYSIS

Business Understanding & Site Visits

- › Conduct site visits to key operational locations
- › Understand business operations, customers, and risk profile
- › Review safety protocols, asset exposures, and operational vulnerabilities

Insurance Program Design & Risk Financing

- › Review policies for adequacy, exclusions, and limits
- › Assess deductibles and retentions against loss history and risk appetite
- › Evaluate alternative risk financing (captives, self-insurance, high deductibles)

Gap Analysis

- › Identify uninsured or underinsured exposures
- › Evaluate alignment of insurance program with enterprise risk
- › Recommend enhancements to coverage and internal risk controls

Broker Performance & Benchmarking

- › Review broker deliverables and benchmark compensation
- › Identify cost savings and service improvement opportunities
- › Support broker RFP and selection processes

Scenario Modeling & Coverage Validation

- › Model potential loss events (fire, flood, cyber, liability)
- › Quantify financial impact and assess coverage response
- › Recommend structural adjustments to ensure adequacy

OUTSOURCED FRACTIONAL RISK MANAGEMENT

Insurance Renewal Management

- › Implement structured renewal lifecycle with defined milestones
- › Prepare competitive submissions and negotiate favorable terms
- › Review policies for accuracy, compliance, and coverage alignment

Claims Oversight & Advocacy

- › Provide strategic direction for WC, GL, Auto, and EPLI claims
- › Ensure timely reporting and adjuster accountability
- › Partner with legal for coverage guidance and retention thresholds

Contractual Risk & Insurance Compliance

- › Review insurance terms in customer and supplier agreements
- › Monitor supplier and subcontractor insurance compliance (COIs)
- › Manage exceptions to minimum insurance standards

Exposure Data Management

- › Maintain accurate property values, fleet listings, and schedules
- › Coordinate updates across facilities, finance, and HR functions
- › Track driver compliance and address MVR exceptions

Loss Control & Risk Engineering

- › Coordinate site inspections and hazard assessments
- › Track and close insurer/broker risk control recommendations
- › Support occupational injury prevention and EHS initiatives

Senior-Level Risk Expertise. Without the Full Time Overhead
